

**ktime.hpp**

```
graph TD; ktime_hpp[ktime.hpp] --> queue[queue]; ktime_hpp --> chrono[chrono];
```

A diagram showing a header file **ktime.hpp** at the top, which has two arrows pointing down to two other components: **queue** and **chrono**. The **ktime.hpp** box is shaded gray, while the **queue** and **chrono** boxes are white.

**queue**

**chrono**
